

Why should you go on a Master's Craftsmen construction mission trip?

There are many laymen who do not feel called to preach or to become a missionary on the foreign field. But each and every one of us has God-given abilities that we are to use for the Lord. *The Master's Craftsmen* ministry is designed especially for you.

Any skills you have acquired, construction or otherwise, are important and can be used for the Lord. You do not have to be a master of anything, just willing to allow the Lord to use you. No matter what your skill level, it is our desire to see you use your talents for the Lord. Several times each year *The Master's Craftsmen* ministry makes mission trips available to you, allowing you the opportunity to use those talents and see the mission field first hand.

Going on these trips changes lives and opens doors for men and women like you to witness to coworkers who are curious about what you are doing. You can also be a blessing to pastors and missionaries here in the United States or anywhere in the world.

And, behold, the courses of the priests and the Levites, even they shall be with thee for all the service of the house of God: and there shall be with thee for all manner of workmanship every willing skilful man, for any manner of service: also the princes and all the people will be wholly at thy commandment.

1 Chronicles 28:21

Eric Joss
Founder/Director

The Master's Craftsmen is a local church ministry of Wyldeewood Baptist Church in Oshkosh, Wisconsin.

I would like to personally urge you to go on a construction trip with us. I know your life will be changed, as was mine, to have a more tender heart for missions. It has been our experience that when you are a blessing to a pastor or missionary, you always come away feeling you were the one receiving the blessing.

Partnering with us by investing of your time and talents or of your financial resources has eternal rewards. Souls will come to know Christ through this work and you, too, can have a part in it.

Please feel free to contact me to receive our monthly newsletter, or, better yet, go to our web site to stay up-to-date for opportunities for you to serve the Lord.

In the Master's service,
Eric R. Joss

FIRST BUILDING CHRISTIANS TOGETHER BUILDING CHURCHES

Our Mission is to bring souls to Christ through our testimony in word and deed.

We accomplish this by sharing the gospel of Jesus Christ with all of those with whom we come in contact; be it a team member, material delivery person, or a clerk in a store. Team members are encouraged to share their personal testimonies and become more active in witnessing to the lost.

But sanctify the Lord God in your hearts: and be ready always to give an answer to every man that asketh you a reason of the hope that is in you with meekness and fear:

1 Peter 3:15

Our Purpose is to encourage Christian men, women, and children to serve the Lord with the talents the Lord has given them. *The Master's Craftsmen* ministry provides opportunity to go to the mission field to serve the Lord in a way that is comfortable for many Christians.

The Master's Craftsmen ministry coordinates affordable, well-organized construction mission trip opportunities for Christian men, as well as their families. Whether it is carpentry, plumbing, electrical work, food preparation, or just cleaning up the job site, there is something for everyone.

Costs to participate in these trips vary. Some are in a foreign land, while others are close to home. Prospective team members are kept informed of upcoming mission trip opportunities through our newsletter and web site.

Those Who Benefit include everyone involved. Obviously the church or missionary *The Master's Craftsmen* ministry is helping receives cost-effective construction services. They win because they accomplish a building project they might not otherwise be able to afford.

The team members benefit because they gain rewards that they can some day lay at Jesus' feet. They also gain exposure to places and cultures, and develop relationships with people they may not otherwise have had opportunity to meet.

The home church from which team members come also benefits because team members' hearts are changed, and they become more involved in their own home church outreach.
